WEST MIDLANDS UPHOLSTERY LTD

Established in 2004, we are a British manufacturer of Sofas and Chairs, based in Tipton in the West Midlands. We offer a wide variety of models and designs, handmade by our dedicated team of frame builders, sewers and upholsterers.

Our models range in design from traditional to modern contemporary.

All our sofas are available in either 2 or 3 seater. We also offer a range of luxurious fireside and accent chairs as well as extras such as footstools, armthrows, scatter cushions and head rests.

As we are a manufacturer, any model can be made to any size to suit your customer's requirements.

We can alter seat heights, depths, overall lengths and add extra seats if required.

We offer a huge range of quality fabrics from leading UK fabric suppliers.

Any fabric can be selected for any model. All our models are supplied with medium density foam seats and fibre back cushions. Softer or firmer cushions can be supplied at a small supplement.

All our products meet the Furniture and Furnishings (Fire) (Safety) Regulations 1988.

Cribb 5/Source 5 fabrics are also available which should be used in the public sector.

Our standard delivery period is 5 to 7 weeks (collection approximately 4 weeks).

Please contact us for a price list (see rear cover for contact details)

WEST MIDLANDS UPHOLSTERY LTD

Our History & Values

The Beginning

Our story began back in 2004 in Tipton, the Heart of The Black Country. West Midlands Upholstery Ltd was founded with a vision to offer quality upholstery products whilst maintaining a genuine and honest business ethic. Our family business has stayed true to its hardworking, down-to-earth roots, embracing the values of honesty, integrity, and community.

What began as a small operation in Tipton blossomed into a successful venture with a diverse customer base. Over the years, our reputation has grown far beyond the West Midlands, with many of our customers now spread across the UK, including members of AIS and Minerva. Our expansion into Scotland and Wales over the past few years has further solidified our national presence.

Made in The Black Country

A cornerstone of our success has been our commitment to craftsmanship and quality. All our products are proudly made in The Black Country from the frame to the finished product. We construct our own birch hardwood frames, and this gives us the option of offering customised sizes for our models, giving our customers flexibility and the chance to optimise their sales. We offer a personal customer service and will try to accommodate any special requests as best as we can.

Our team's hands on approach is a hallmark of our ethos. In fact, when designing new models, everyone on the factory floor has an input, fostering an inclusive, collaborative atmosphere.

Although we have an eye on the future, we maintain a strong respect for tradition. Whilst some models have evolved to embrace more modern, minimalist styles with clean lines, our classic, more intricate designs remain popular. Notably, our patchwork chairs, which are made up of 125 individual patches (each one top stitched by hand), have earned a reputation for their unique design and craftsmanship.

Over the years, we have built solid relationships with our customers, staff, agents and suppliers. Many of our loyal customers have been with us since the very beginning, and we remain grateful to them for these lasting relationships. We are also indebted to our loyal and committed staff, who have supported us over the years.

The Future

As we look ahead, we remain focused on maintaining the relationships we have fostered and plan to continue to deliver the exceptional UK made products our customers have come to expect. We look forward to developing further relationships with new customers and we would love you to join us on our journey.
