COMFORT CONTROL

PREMIUM

COMFORT CONTROL PREMIUM
150CM 2 X 75CM

- 5 Part action – consisting of individual neck, back, lumbar, upper and lower leg sections
- 2 motor system – one for head/back, one for legs/feet (within one casing)
- 25 stone weight capacity
- Strong birch plywood natural finish inner wood sections
- 60mm plywood natural finish side rails
- 28 sprung birch slats – individually and automatically flexing to support each body shape and position
- Twin shoes with added suspension giving a softer feel
- Firmness adjuster zone for lumbar region – the action is pre-set in the lumbar region at the firmest setting to support the body, this can be made softer on users preference
- Centre belt to distribute point loads – this prevents slat breakages
- 5 year guarantee

A*TWIN DRIVE MOTOR

- Strong and reliable twin drive motor
- Emergency lowering optional when 9-volt battery added

CABLED A*56 HANDSET

- Cabled handset with modern, ergonomic design

****OPTIONAL UPGRADE**
RADIO FREQUENCY A*37 HANDSET

- Modern handset with slim design - only 15mm thick
- Strong signal between handset and motor – 5 metres
- Silicon rubber keypad for soft touch buttons
- Matte Black finish with gloss inlay for premium look
- Receiver box with emergency lowering feature to get the bed flat if handset lost

[illegible]
