Gradi
living

In 1988 the very humble and creative Gradi family formed this artisan upholstery manufacturing business in Quarrata in Tuscany Italy, that for more than 30 years have produced top quality leather and fabric upholstered furniture.

Father, Mother and Daughters all work within the business each responsible for key areas of design and manufacture, commercial and Sales, Marketing and Export.

Gradi living specialise in leather and fabric upholstered furniture for the home. Using the finest materials and timed served craftspeople to make it, Gradi are renowned for producing beautiful and stylish furniture to satisfy its consumers for many years.

As we begin the third decade of the 21st century, Gradi Living continues to adapt to the ever-changing design and lifestyle requirements that the market requires and their latest collections reflect the heritage of the business but also influenced by the contemporary style evident in the market today.

Therefore Gradi are pleased to present both their Easy Living and Signature collections.
