## The Collection

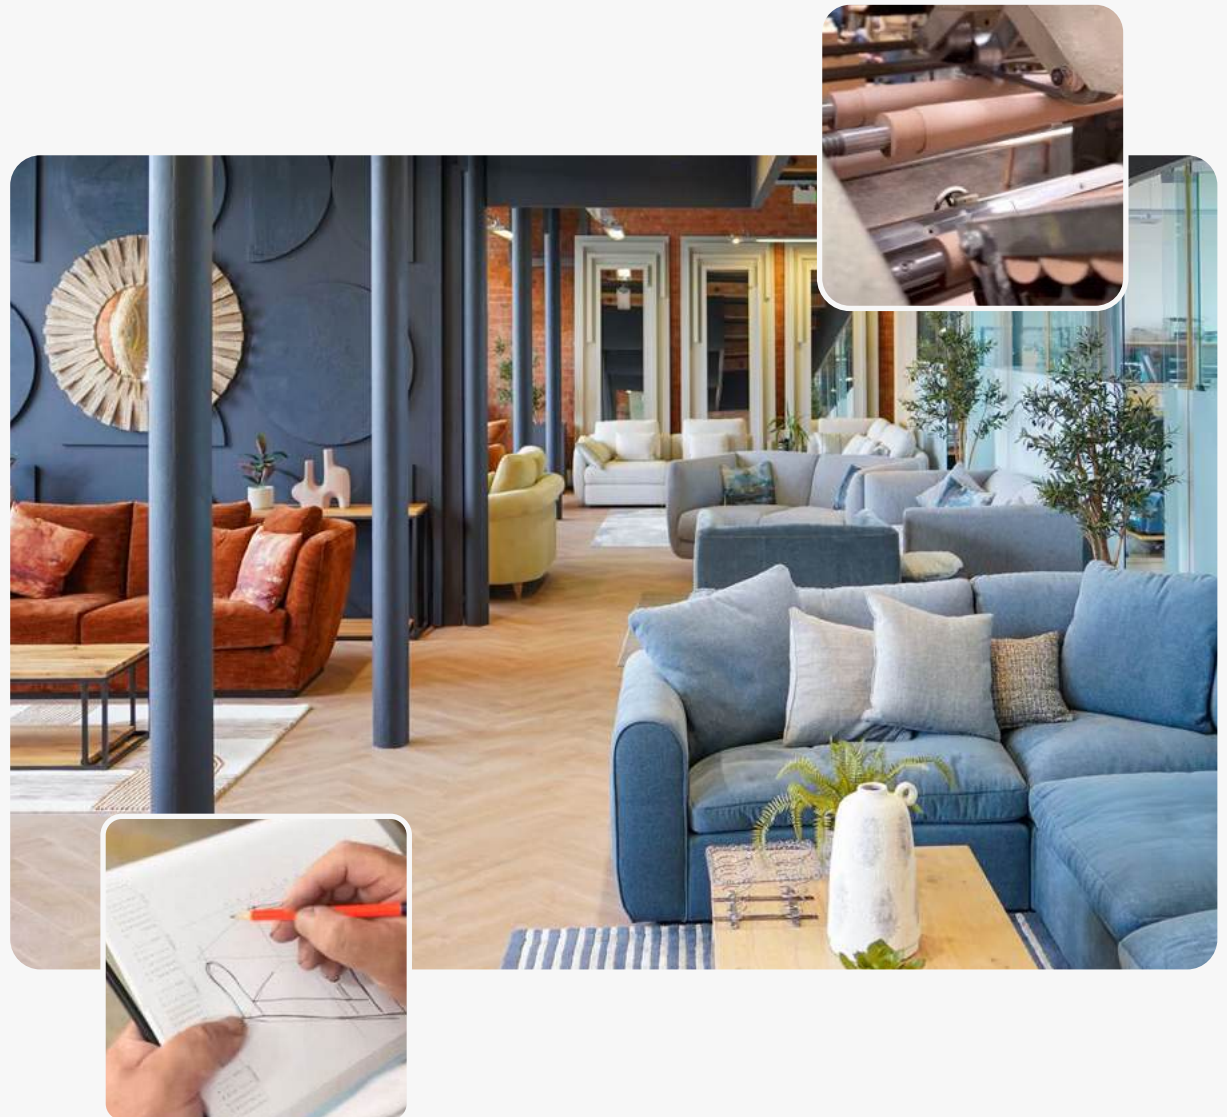

# Crafting Premium Upholstered Furniture

Siren Furniture is a brand rich in heritage and expertise specialising in design and manufacturing of upholstery since the turn of the century.

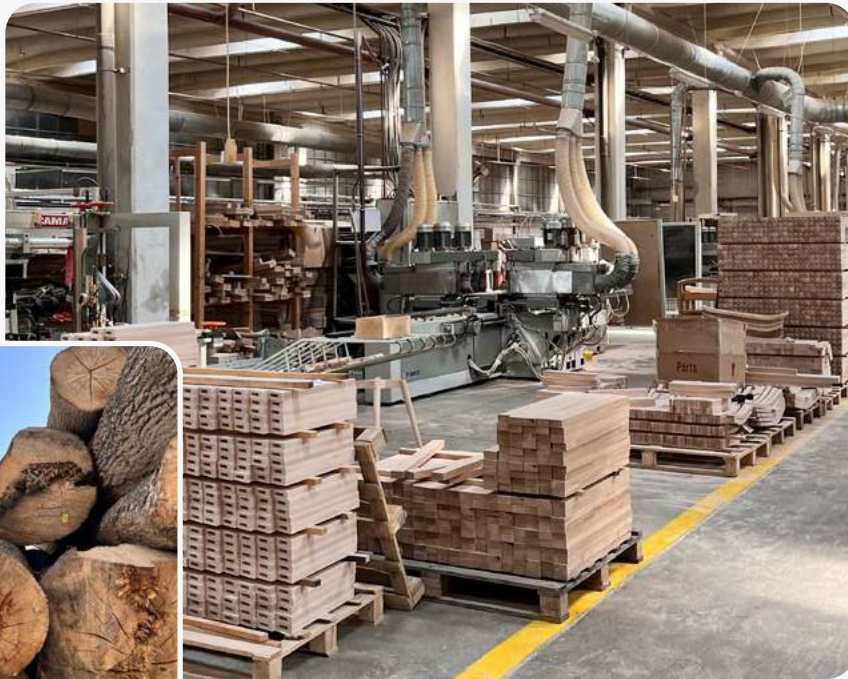

Housed in the iconic Harrington Mill in Long Eaton, the traditional heartland of UK upholstery, we offer a wide range of contemporary and traditional upholstered furniture for independent retailers and retail groups.

Our dedication to expert craftsmanship, strengthened with conscious strides towards reducing environmental impact, ensures our exclusive in-house designs are of the highest quality.

## Quality, Bespoke Furniture: Expert Craftsmanship You Can Trust

At Siren Furniture, quality is at the heart of everything we do. All of our made-to-order products are meticulously hand-crafted by skilled artisans, combining traditional techniques with trend-led design that ensures the highest standards in our trusted factories.

We have long-standing partnerships with our chosen suppliers, the majority of which are family-run manufacturers, and hand-pick luxury fabrics and leathers from the reputable mills and tanneries across Europe. Each design is meticulously performance tested with a 25 year guarantee.

This deep-rooted collaboration ensures that we know our supply chain inside and out—from the selection of the finest materials to the final touches on each piece of furniture.

As an FSC® certified company (FSC® C137929), we're committed to crafting products from timber which is sourced from responsibly managed forests, recycled materials, and other controlled sources. We have also started to introduce recycled fillings and environmentally friendly foams as part of our journey toward greater sustainability.

The result is furniture that not only ensures comfort as standard, but luxury to last.

# Somerton

The Somerton show-wood range is a modern take on a classic mid-century style, thoughtfully designed with attention to the finer details to blend superior comfort with lasting luxury.

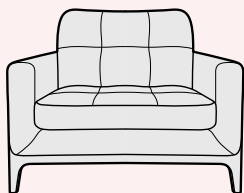

Consciously crafted with subtly curved clean lines to present an inviting, softer, sleek silhouette, Somerton's single foam and fibre-wrap seat cushion and plush back cushions offer ample space for a very comfortable sit.

The exposed solid ash wooden plinth and elongated legs are beautifully hand-finished to accentuate the natural grain, with fixed arms neatly finished with piping trim.

Contrast cushions are for decoration only and are not supplied with the sofa.
